AUTHORS AND INVESTIGATORS

Barker WF: standards of graft materials, 69, July, s
Baxt S: reconstructive techniques for limb salvage after successful revascularization, 64, Oct, oa
Bergan JJ: standards of graft materials, 69, July, s
Blaisdell FW: extraanatomic vascular shunt, 69, Aug, s
Boland JP: reconstruction of the cervical esophagus with the right colon, 62, Aug, oa
Britt, LG: cephalirin sodium therapy: a clinical evaluation, 81, Sept, oa
Caldwell W: bladder cancer, 121, Sept, s
Casarella WA: transcatheter alternatives to vasopressin infusion in colonic hemorrhage, 11, Aug, oa
Cockett ATK: bladder cancer, 121, Sept, s
Cohn LH: surgical wounds, 116, Oct, s
Condon RE: peritonitis
 part 1, 65, Nov, s
 part 2, 51, Dec, s
Conn J, Jr.: surgical wounds, 116, Oct, s
Dardik H: tibial and peroneal reconstruction for limb salvage, 47, Oct, oa
Dardik II: tibial and peroneal reconstruction for limb salvage, 47, Oct, oa
Davis JH: peritonitis
 part 1, 65, Nov, s
 part 2, 51, Dec, s
DeWeese JA: standards of graft materials, 69, July, s
DeWys WD: maintaining caloric needs in the cancer patient, 25, July, oa
Dunn EL: current management of hepatic trauma, 91, Sept, oa
Eiseman B: current management of hepatic trauma, 91, Sept, oa
Surgical Decision Making, 98, July, bp
Ellis H: the amputation of Lord Nelson's arm, 114, Oct, oa
 Billroth and the first successful gas-

trectomy, 63, Nov, oa
 Lord Lister and the compound fracture, 67, July, oa
 Robert Lawson Tait: surgical pioneer, 116, Sept, oa
Emery RW: current status of the St. Jude cardiac valve prosthesis, 11, Sept, oa
Fazio V: surgical wounds, 116, Oct, s
Foster CA: self-inflicted shotgun wounds of the face, 44, Sept, oa
Geheber CE: management of peritonitis: cefamandole vs gentamicin, 21, Aug, oa
Gray SW: anatomical complications of pancreatic surgery —
 part 1, 17, Nov, oa
 part 2, 21, Dec, oa
Greenfield LD: postoperative management of differentiated thyroid cancer, 52, July, oa
Grundfest S: a review of home hyperalimentation, 33, Aug, oa
Hamlin DJ: bladder cancer, 121, Sept, s
Hiebert JH: continuous nasogastric tube feeding in burn patients, 31, Sept, oa
Hurvitz RJ: PDA — portal to cardiac surgery, 26, Oct, oa
Ibrahim IM: tibial and peroneal reconstruction for limb salvage, 47, Oct, oa
Jacobs ML: postoperative management of differentiated thyroid cancer, 52, July, oa
Jacobson JH: standards of graft materials, 69, July, s
Jarrah M: tibial and peroneal reconstruction for limb salvage, 47, Oct, oa
Jonasson O: surgical wounds, 116, Oct, s
Kavner D: prevention of venous thromboembolism using external pneumatic compression, 67, Sept, oa
Kisner D: maintaining caloric needs in the cancer patient, 25, July, oa
Kolb LD: management of peritonitis: cefamandole vs gentamicin, 21, Aug, oa

Kronenthal RL: surgical wounds, 116, Oct, s
Lee BY: prevention of venous thromboembolism using external pneumatic compression, 67, Sept, oa
Lee Y-TN: dissection of regional nodes, 45, Aug, oa
Lim RY: reconstruction of the cervical esophagus with the right colon, 62, Aug, oa
Maisel RH: self-inflicted shotgun wounds of the face, 44, Sept, oa
Mannick JA: extraanatomic vascular shunt, 69, Aug, s
Martinez NS: posterior first rib resection for total thoracic outlet syndrome decompression, 13, July, oa
Meade JW: OPG/CPA noninvasive tests for extracranial vascular disease, 57, Nov, oa
Meyerhoff WL: self-inflicted shotgun wounds of the face, 44, Sept, oa
Moore EE: current management of hepatic trauma, 91, Sept, oa
Moore WS: extraanatomic vascular shunt, 69, Aug, s
Morris ES: management of peritonitis: cefamandole vs gentamicin, 21, Aug, oa
Nicoloff DM: current status of the St. Jude cardiac valve prosthesis, 11, Sept, oa
Nichols RL: peritonitis —
 part 1, 65, Nov, s
 part 2, 51, Dec, s
Ott DA: surgical wounds, 116, Oct, s
Paladugu RR: postoperative management of differentiated thyroid cancer, 52, July, oa
Powers SR: respiratory effects of trauma and shock, 102, Oct, oa
Richie J: bladder cancer, 121, Sept, s
Rogers LS: retained bile duct stones, 80, Oct, oa
Romano J: chierurgions ought to be wyse, gentyll, and sober —
 part 1, 13, Oct, oa
 part 2, 42, Nov, oa
Rowe JS: Anatomical complications of pancreatic surgery —
 part 1, 17, Nov, oa
 part 2, 21, Dec, oa
Schwartz SI: surgical wounds, 116, Oct, s
Skandalakis JE: anatomical complications of pancreatic surgery —
 part 1, 17, Nov, oa
 part 2, 21, Dec, oa
Skandalakis LJ: anatomical complications of pancreatic surgery —
 part 1, 17, Nov, oa
 part 2, 21, Dec, oa
Sniderman KW: transcatheter alternatives to vasopressin infusion in colonic hemorrhage, 11, Aug, oa
Sos TA: transcatheter alternatives to vasopressin infusion in colonic hemorrhage, 11, Aug, oa
Steiger E: a review of home hyperalimentation, 33, Aug, oa
Stone HH: management of peritonitis: cefamandole vs gentamicin, 21, Aug, oa
Sussman B: tibial and peroneal reconstruction for limb salvage, 47, Oct, oa
Szilagyi DE: standards of graft materials, 69, July, s
Thoden WR: prevention of venous thromboembolism using external pneumatic compression, 67, Sept, oa
Trainor FS: prevention of venous thromboembolism using external pneumatic compression, 67, Sept, oa
Trunkay D: peritonitis —
 part 1, 65, Nov, s
 part 2, 51, Dec, s

 part 1, 65, Nov, s
 part 2, 51, Dec, s

CONTEMPORARY SURGERY

Tucker BL: PDA — portal to cardiac surgery, 26, Oct, oa
Veith FJ: standards of graft materials, 69, July, s
Vetto RM: extraanatomic vascular shunt, 69, Aug, s
Wells WJ: PDA — portal to cardiac surgery, 26, Oct, oa
Wilson SE: peritonitis —
 part 1, 65, Nov, s
 part 2, 51, Dec, s
Wotkyns RS: *Surgical Decision Making*, 98, July, bp
Young RES: postop pain relief, 39, July, oa
Zarem HA: surgical wounds, 116, Oct, s
Zollinger RM: reflections, 68, Oct, oa

SUBJECTS

ABDOMINAL SURGERY

peritonitis — part 1, 65, Nov, s; part 2, 51, Dec, s
 Robert Lawson Tait — surgical pioneer, 116, Sept, oa
 surgical wounds, 116, Oct, s

ANALGESIC AGENTS

postop pain relief, 39, July, oa

ANASTOMOSIS, INTESTINAL

surgical wounds, 116, Oct, s

ANATOMY

anatomical complications of pancreatic surgery — part 1, 17, Nov, oa; part 2, 21, Dec, oa

ANOREXIA

maintaining caloric needs in the cancer patient, 25, July, oa

ANTIBIOTICS

cephapirin sodium therapy: a clinical evaluation, 81, Sept, oa
 management of peritonitis: cefamandole vs gentamicin, 21, Aug, oa
 peritonitis — part 1, 65, Nov, s; part 2, 51, Dec, s

ANTISEPSIS

Lord Lister and the compound fracture, 67, July, oa

ASPIRIN

extraanatomic vascular shunt, 69, Aug, s

BILIARY TRACT

anatomical complications of pancreatic surgery — part 1, 17, Nov, oa; part 2, 21, Dec, oa
 management of retained bile duct stones, 80, Oct, oa
 peritonitis — part 1, 65, Nov, s; part 2, 51, Dec, s

CANCER

bladder cancer, 121, Sept, s
 dissection of regional nodes: technical aspects, 45, Aug, oa
 maintaining caloric needs in the cancer patient, 25, July, oa
 postoperative management of differentiated thyroid cancer, 52, July, oa
 reconstruction of the cervical esophagus with the right colon, 62, Aug, oa

CARDIAC SURGERY

current status of the St. Jude cardiac valve prosthesis, 11, Sept, oa
 PDA — portal to cardiac surgery, 26, Oct, oa

CHOLANGIOGRAPHY

management of retained bile duct stones, 80, Oct, oa

continued

Index

continued

CYSTECTOMY

bladder cancer, 121, Sept, s

DUCTUS ARTERIOSUS

PDA — portal to cardiac surgery, 26, Oct, oa

EMBOLISM, PULMONARY

prevention of venous thromboembolism using external pneumatic compression, 67, Sept, oa

EMBOLIZATION

transcatheter alternatives to vasopressin infusion in colonic hemorrhage, 11, Aug, oa

EMPYEMA

Surgical Decision Making, 98, July, bp

ESOPHAGUS

reconstruction of the cervical esophagus with the right colon, 62, Aug, oa

ETHICS

chierurgions ought to be wyse, gentyll, and sober — part 1, 13, Oct, oa; part 2, 42, Nov, oa

FEVER, POSTOPERATIVE

Surgical Decision Making, 98, July, bp

GASTRECTOMY

Billroth and the first successful gastrectomy, 63, Nov, oa

GASTROINTESTINAL TRACT

reflections of Robert M. Zollinger, 68 Oct, oa
transcatheter alternatives to vasopressin infusion in colonic hemorrhage, 11, Aug, oa

GRAFTS, SKIN

reconstructive techniques for limb salvage after successful revascularization, 64, Oct, oa

GRAFTS, VASCULAR

extraanatomic vascular shunt, 69, Aug, s
tibial and peroneal reconstruction for limb salvage, 47, Oct, oa

HEAD AND NECK

self-inflicted shotgun wounds of the face, 44, Sept, oa

HEMOSTASIS

transcatheter alternatives to vasopressin infusion in colonic hemorrhage, 11, Aug, oa

HISTORY OF MEDICINE

the amputation of Lord Nelson's arm, 114, Oct, oa
Billroth and the first successful gastrectomy, 63, Nov, oa
chierurgions ought to be wyse, gentyll, and sober, 13, Oct, oa
Lord Lister and the compound fracture, 67, July, oa
reflections of Robert M. Zollinger, 68, Oct, oa
Robert Lawson Tait — surgical pioneer, 116, Sept, oa

HYPERALIMENTATION

a review of home hyperalimentation, 33, Aug, oa

IMMUNOSUPPRESSION

maintaining caloric needs in the cancer patient, 25, July, oa

LIMB SALVAGE

reconstructive techniques for limb sal-

vage after successful revascularization, 64, Oct, oa
tibial and peroneal reconstruction for limb salvage, 47, Oct, oa

LIVER

current management of liver trauma, 91, Sept, oa

LYMPH NODES

dissection of regional nodes: technical aspects, 45, Aug, oa

MAXILLOFACIAL SURGERY

self-inflicted shotgun wounds of the face, 44, Sept, oa

MEDICAL EDUCATION

chierurgions ought to be wyse, gentyll, and sober, 13, Oct, oa
reflections of Robert M. Zollinger, 68, Oct, oa

NUTRITION

continuous nasogastric tube feeding in burn patients, 31, Sept, oa
maintaining caloric needs in the cancer patient, 25, July, oa
a review of home hyperalimentation, 33, Aug, oa

OPERATIVE TECHNIQUE

current management of hepatic trauma, 91, Sept, oa
dissection of regional nodes: technical aspects, 45, Aug, oa
extraanatomic vascular shunt, 69, Aug, s
PDA — portal to cardiac surgery, 26, Oct, oa
posterior first rib resection for total thoracic outlet syndrome decompression, 13, July, oa
preservation of the traumatized spleen in children, 11, Dec, oa

PANCREAS

anatomical complications of pancreatic surgery — part 1, 17, Nov, oa; part 2, 21, Dec, oa
reflections of Robert M. Zollinger, 68, Oct, oa

PERITONITIS

management of peritonitis: cefamandole vs gentamicin, 21, Aug, oa
peritonitis — part 1, 65, Nov, s; part 2, 52, Dec, s

PLASTIC SURGERY

reconstruction of the cervical esophagus with the right colon, 62, Aug, oa
reconstructive techniques for limb salvage after successful revascularization, 64, Oct, oa
self-inflicted shotgun wounds of the face, 44, Sept, oa

PNEUMATIC COMPRESSION

prevention of venous thromboembolism using external pneumatic compression, 67, Sept, oa

RADIATION THERAPY

bladder cancer, 121, Sept, s
postoperative management of differentiated thyroid cancer, 52, July, oa

RANDOMIZATION

standards of graft materials, 69, July, s

RECONSTRUCTIVE SURGERY

self-inflicted shotgun wounds of the face, 44, Sept, oa

RESUSCITATION

current management of hepatic trauma, 91, Sept, oa
respiratory effects of shock and trauma, 102, Oct, oa

REVASCULARIZATION

extraanatomic vascular shunt, 69, Aug, s
standards of graft materials, 69, July, s
tibial and peroneal reconstruction for limb salvage, 47, Oct, oa

SEPSIS

peritonitis — part 1, 65, Nov, s; part 2, 51, Dec, s

SHOCK

respiratory effects of trauma and shock 102, Oct, oa
Surgical Decision Making, 98, July, bp

SHOTGUN WOUNDS

self-inflicted shotgun wounds of the face, 44, Sept, oa

SPLEEN

preservation of the traumatized spleen in children, 11, Dec, oa

STAPLERS, SURGICAL

surgical wounds, 116, Oct, s

STONEBASKET

management of retained bile duct stones, 80, Oct, oa

STROKES

OPG/CPA noninvasive tests for extracranial vascular disease, 57, Nov, oa

SUTURES

surgical wounds, 116, Oct, s

SWAN-GANZ CATHETER

peritonitis — part 1, 65, Nov, s; part 2, 102, Oct, oa

respiratory effects of shock and trauma, 51, Dec, s

THERMAL INJURY

continuous nasogastric feeding in burn patients, 31, Sept, oa

THORACIC OUTLET SYNDROME

posterior first rib resection for total thoracic outlet syndrome decompression, 13, July, oa

THORACIC SURGERY

PDA — portal to cardiac surgery, 26, Oct, oa
respiratory effects of trauma and shock, 102, Oct, oa

THROMBOEMBOLISM

prevention of venous thromboembolism using external pneumatic compression, 67, Sept, oa

THYROID

postoperative management of differentiated thyroid cancer, 52, July, oa

TRAUMA

current management of hepatic trauma, 91, Sept, oa
preservation of the traumatized spleen in children, 102, Oct, oa
respiratory effects of trauma and shock, 11, Dec, oa

UROLOGY

bladder cancer, 121, Sept, s

VASCULAR DISEASE

OPG/CPA noninvasive tests for extracranial vascular disease, 57, Nov, oa
extraanatomic vascular shunt, 69, Aug, s
reconstructive techniques for limb salvage after successful revascularization, 64, Oct, oa
standards of graft materials, 69, July, s
tibial and peroneal reconstruction for limb salvage, 47, Oct, oa

VASOPRESSIN

transcatheter alternatives to vasopressin infusion in colonic hemorrhage, 11, Aug, oa

VENOUS STASIS

prevention of venous thromboembolism using external pneumatic compression, 67, Sept, oa

ZOLLINGER-ELLISON SYNDROME

reflections of Robert M. Zollinger, 68, Oct, oa
